PROFILE

I'm Ngo Dong Quan who has nearly four years of experience as a Front-End Engineer. I am 26 years old. Currently, I'm working as a Front-End Engineer in PERSOL PROCESS & TECHNOLOGY VIET NAM CO., LTD (a subsidiary of PERSOL Corporation in Japan). I want to be a member of your company and apply my knowledge and experience working to become an Engineer who can add and devote value. My short-term goal is to be able to grasp all the assigned work and eventually, my long-term goal is to gain experience and get a more comprehensive knowledge to get a promotion in my career.

INTERESTS

- Play soccer
- Listen to music
- Play video games

SOFT SKILLS

Good communication
Quick inclusion with everyone in the new environment
Communicate well with customers
Work under pressure
Think positive

ADDITIONAL INFORMATION

I'm a person that wants to learn from everybody. In my opinion, I think everybody has a specific aspect that I can gain knowledge from them. I'm sociable and polite. Maybe I think I have a little bit sense of humor. One quote from a celebrity that I extremely like: "Get knowledge to make a career and take a self-kindness as a reason to live"
